

MEMOREX

Memorex dictation cassettes get the word around.

PRODUCT:

Memorex dictation cassettes are designed to be used on all dictation equipment using the standard type audio cassette. Each cassette provides 60 minutes of the highest quality voice reproduction—quality that lets you catch every word exactly the way it was spoken. And, you can depend on Memorex to bring you this quality time after time, along with these important extras.

FEATURE:

- Leaderless No lost dictation; no lost time
- Proven lowest jam rate in industry Dependable performance
- Superior quality magnetic tape "True to life" voice reproduction
- 30 minutes each side Time to complete your thoughts yet not restrain work flow
- Ultrasonically welded No internal warp or stress due to screw type construction
- Oversize viewing window Easy to view tape position
- Exclusive storage album Convenient; maximum cassette protection
- Optional filing library available Easy access; no lost cassettes
