## Memorex Corporation

---

Founded in 1961, Memorex manufactures and markets information storage equipment, magnetic recording media and data communications equipment for the IBM plug-compatible and Burroughs markets. Headquartered in Santa Clara, California, we're a subsidiary of \$5 billion Burroughs Corporation. We support our customers with the flexible terms of the Memorex Finance Company, plus a network of sales and service offices that spans the world (more than 100 in the United States alone). One of our well-trained Memorex Systems Engineers can come to your site to help with any problems or questions about your Memorex equipment, or you can call one of our Remote Diagnostic Centers toll free, 24 hours a day, 365 days a year.
