

Family Planning.

Meet the members of the Memorex Communications family: Cluster controllers and terminal controllers. Communications processors. Display stations. Printers.

Although every member of our family is dedicated to its own task—each has common family characteristics you can count on.

You can plan on proven performance that has been recognized worldwide. You can plan on total compatibility with your CPU or terminals, because our family members are plug-compatible or functional replacements for 3270 terminals and controllers.

Since each member of the Memorex family is "human engineered," you can plan on improved productivity that goes hand-in-hand with ease of use.

You can schedule well ahead—knowing every member of our family is available. And you can expect cost-effective product solutions without sacrificing field-proven quality and reliability.

Now, when you're considering the purchase of communications equipment, you no longer have to be locked into the "usual" source. Because now—you have the entire Memorex family of controllers, display stations and printers to choose from.

And remember: when Memorex raises a product family, we combine our years of experience with expertise targeted on the technology of tomorrow. To find out all of the specifics on each member of the Memorex family, call Laurie McNeil at (408) 996-9000. Or write: Memorex Communications, 18922 Forge Drive, Cupertino, CA 95014.
