

Get a grip on your 4300 requirements with a helping hand from us.

Until now, complete 4300 systems meant buying from just one supplier. Or piecing them together yourself. Some choice.

We decided that things had gotten out of hand.

So we did something about it.

Now you can buy a full line of Memorex 4300 peripherals that are plug-compatible with IBM's best.

At prices that are more than a fair shake.

How did we do all this? We listened.

You told us what you wanted. The works.

Large-capacity DASD, high-performance tape drives, durable printers, flexible communications subsystems, quality media.

And how you wanted it. In one package. From one source. So you won't have to juggle a lot of details.

We did it, and more.

By assembling very competitive packages on multiple subsystems.

And by offering the total resources of the Memorex Finance Corporation to help you lease whatever you need. Including CPUs. Need a host? Be our guest. Want to upgrade your system

later on? You can do it without the hassle of rewriting your contract.

We call it the Memorex Galaxy Program. It can do it all. Except make the phone call.

That's in your hands.

For additional information, call us today. Because we know 4300 systems. (408) 987-2301. Or write us at:
